Skills, Achievements & Other Experience

- **Interest:** Writing code, playing strategic games, self development, reading books & sports
- **Soft Skills:** Communication, Teamwork, Leadership, Critical Thinking & Time Management
- **Hard Skills:** Database, SQL & MongoDB, Object-oriented-programming (OOP) Language, HTML & CSS, JavaScript, Vue, Laravel, NodeJS, Express, Bootstrap, Tailwind, Responsive Design, Testing/Debugging, & Command Line,
- **Projects** (2022): We have built a website for booking tickets for an event. I am the head of the project team along with one other team member. The website development process took approximately 1 month, starting from creating the database to becoming a functional website. We created this website for the purpose of our final assignment in the Database Technology course at Bina Nusantara University.
